Properties:

Concentrated liquid for washing and caring for glazed floors. Perfect for both cleaning tiles unglazed ceramics as well as glazed. It does not scratch the surfaces to be cleaned. The modern formula of the product facilitates the process of daily care, and thanks to its antistatic properties, it reduces the possibility of re-soiling and the accumulation of dirt on the cleaned surface. The preparation in its composition has a specialized polymer, thanks to which the product does not accumulate on the cleaned surface even in the case of high-gloss ceramic tiles. It dries quickly, leaves no streaks or stains. It deepens the natural color of the floor, leaving a pleasant, floral fragrance.

Instructions for use:

1. Shake well before use
2. Depending on the frequency of washing and the degree of soiling of the cleaned surfaces, use appropriate dilutions:

Daily care – dilution:
50 ml / 10 L of water

Removal of strong dirt – dilution:
100 ml / 10 L of water
