

# Clinex Nano Protect Glass

Nanopreparation for cleaning glass surfaces

- Product safe for the user and the environment (no classification)
- Liquid for washing glass surfaces enriched with nanocomponents
- Contains innovative additives
- Gives crystalline shine
- Dries quickly, no streaks or stains
- Leaves antistatic coating
- Protects against re-dirt
- Alcohol-free formula
- Features a refreshing lemon scent

Available Packaging:

77-330 Clinex NP Glass 5L

## Properties:

Liquid for cleaning windows, crystals, mirrors and more glass, enamel and laminated surfaces. It will also work well in cleaning elements made of stainless steel. It removes typical dirt from the cleaned surfaces, leaving a crystal clear finish. It does not leave streaks. Contains polymers and agents antistatic, retarding the deposition of pollutants on the washed surface. The formula based on nanocomponents enhances the protective and nourishing effect preparation, so that the cleaned surfaces last longer stay clean. Leaves a refreshing, long-lasting, lemon scent.

## Instructions for use:

1. Shake well before use
2. Spray the cleaned surface with a preparation and then wipe with a clean cloth, microfiber or dust-free wipe
3. Repeat if necessary

## Information & applications

## NOTE:

- For professional use only.
- For washing surfaces that were previously cleaned with other preparations, it is recommended to pre-wash them in order to remove accumulated substances.
- Do not use the product on hot surfaces.
- Do not use in direct sunlight.
- With time, the product may change color. This is not a product defect and does not affect the quality or the washing properties of the product.

The Seller shall not be liable for any use of the product against its intended purpose.

## SAFETY:

- Do not mix with other products.
- See the safety data sheet for additional product information.

## STORAGE CONDITIONS:

- Store the product at 5 to 30°C.
- Store in original, sealed packaging only.
