77-642 Clinex 4Dirt 10 L

Properties:

A concentrated, universal preparation intended for removal typical dirt resulting from everyday use. Removes greasy dirt from surfaces such as floors concrete, PVC, natural and artificial stone, tiles. Perfectly dissolves oil and fat pollution of animal and vegetable origin, petroleum pollution and multi-layer layers of dirt. It works especially where different types of dirt mix. It can be used on surfaces that come into contact with food and in rooms with a small area or without windows. It will also work well in cleaning waterproof surfaces in the processing industry, industrial floors in production halls, repair plants, car workshops. It is suitable for washing machines and devices. It can be used in manual and machine washing as well as for washing work clothes. It has a delicate fragrance.

Instructions for use:

1. Use as recommended by the manufacturer of the washing device.
2. Prepare the solution of the agent depending on the degree of contamination of the surface.

Recommended working concentration:
50-500 ml/10 L of water

For washing work wear:
dilution: 10-100 ml/10 L of water
